DG International: Fulfilling the e-Freight Forwarder Vision

• Challenges

- **Lack of adequate** systems and heavy reliance on spreadsheets and physical files
- **Objective:** Become a one stop shop for global trade providing freight, warehousing, parcel and finance services through an online portal

• Solution

- **Neurored TMS** to manage their entire operational processes from quote to cash
- **Service Cloud** to manage customer touchpoints
- **Communities** for their customers
- **Analytics** to uncover new insights
- **Natterbox** to increase sales rep efficiency
